

GOLDEN RETRIEVER
RESCUE OF MID-FLORIDA

TALES OF GOLD

SPECIAL IN MANY WAYS

"We received a special blessing when we adopted Wilson," reports Rick and Cheri. "Having nine children living at home and five with special needs, our prayer was that Wilson would adjust into a therapy dog for our children and he has certainly fit that desire in amazing ways. The genuine love and attention Wilson bestows on each child is heartwarming and he instinctively knows who needs a furry snuggle. Backyard playtime is as enjoyable for the children as it is for Wilson. One daughter loves to hunt and catch lizards and Wilson finds these expeditions to be great fun. While he loves to chase his favorite red ball, or any old frisbee, he equally loves to come in after a good playtime romping

and snuggle up close to one, two or more of us. We all love him very much and it is crystal clear just how much Wilson loves us, too. He has made this giant, crazy household extremely happy. Wilson always has a big grin, especially when he's rolled over and begging for a belly rub. Thank you for bringing such joy to our special family! We simply could not have had our prayers answered more clearly ... Our Wilson just fits perfectly!"

WOW ... 21 IN 2 by Jamie Demsky

GRRMF took in 21 dogs during October and November of last year. That's nearly 20% of the dogs we rescue in a typical year! Those 21, ranging in age from 9 weeks to 13 years, included pure bred and mixed goldens, one bonded pair, and two ill dogs. Surrenders came from owners and shelters; families found that they didn't have enough time or that their puppy was too much for them to handle. Some people moved, experienced health issues, or their family dynamics changed, and several dogs were good Samaritan rescues. With meticulous coordination, 30 drivers logged more than 4,500 miles moving these 21 rescues across the state. In most cases, transportation is done tag team style and one dog could have two or three drivers. Each dog was evaluated by a vet: three were spayed, four neutered, one had a heart condition needing surgery, one with myasthenia gravis, one is deaf, several had ear and skin infections, many had hookworms and one had an upper respiratory infection. Our foster coordinators placed the dogs with 20 foster care families who opened up their hearts as well as their homes and provided follow-up medical care and behavioral training. The media team worked closely with the foster families to tell each dog's unique story, hoping that a family would read it and say, "That's the dog for us." Finally, our adoption team interviewed over 30 prospective families, conducted home visits, and carefully considered the best possible match for each dog. Whew! Yes, we had a crazy two months in 2019. It was tiring and challenging, but our Village of hardworking volunteers will tell you it was worth it because all 21 dogs will experience good times, companionship and love with their forever families.

GRRMF TO THE RESCUE - TEAM INTAKE

Starting with this issue we will be introducing each of our critical teams in rescue who do so much for our dogs. Many of our volunteers are visible to our supporters...most work tirelessly behind the scenes. Our rescue roadmap begins with a surrendering owner and their golden as our first point of contact.

A message or call comes in to our hotline, email or through our website page. A dog needs our help. Our intake team guides the surrendering owner to complete our required intake form which tells us about the dog and the care they require. So many times, it is heartbreaking for the owner who needs to move, is going through a family crisis, or can no longer afford to care for their dog. When we review the form, our intake volunteer communicates with the surrendering owner to ensure we understand all the details shared with us and maintain the confidentiality needed to protect both the dog and the family. The important next step is to determine if we can meet the needs of the dog ... do we have the appropriate and available foster home, medical treatments and behavioral/training skills are a few of the critical considerations we review to ensure we can help. There are times we cannot meet the dogs needs and we work with the owner to network to other rescues or services for assistance. Our intake volunteers also monitor the shelter lists, social media and Craigslist looking for golden retrievers or blends who are posted for sale or adoption.

When our intake team approves the dog they have a broad reach in rescue from a board member's review, medical and behavioral team assessment, foster team placement support and transportation team for transporting from the owner to our intake vet location ... all working together to ensure our new arrival comes safely into rescue. Once a dog is in our care, they begin their journey through GRRMF. It's always love at first sight as these precious arrivals need our help.

There is a nose to tail medical exam upon arrival by our treasured vets who always partner with us in developing the necessary care plan. We work with each dog to provide what they need for placement in a loving forever home ... whether it's extensive training, medical treatments which can include surgery, or simple kindness to give them reassurance in their foster home surroundings.

Each day we celebrate what we do and how we help our Mid-Florida community. Our teams are incredible and our intake team has a difficult task of ensuring we are the best rescue for a golden in need. It takes a village and our intake team is the critical front door to a happy new life.

Our next issue will feature our amazing transportation team who travel over a thousand miles a month to safely relocate their precious furry passengers.

HEARTS OF GOLD

Putting a smile on someone's face is easy when you have a furry friend leading the way. Our Hearts of Gold therapy program had an amazing year in 2019, beginning with seven dog/handler teams being certified in January and ending the year with twenty-nine teams. Therapy visit requests have encompassed areas from Tampa, north to the Villages, down to Orlando and south to Melbourne on the east coast. Our wonderful tail wagging teams have helped students with stress relief during exams, opened communication gaps with seniors, and brought smiles to those in hospitals and memory care centers. Each team is highly visible with handlers wearing special logo tee shirts and dogs wearing their GRRMF Hearts of Gold vests to educate the public that GRRMF does more than just rescue. The program is receiving recognition and requests for therapy visits, expanding our facility list from the original eight to more than seventeen, and growing rapidly. We are very excited to be working with an international organization to support their annual Camp Widow meeting being held in Tampa on March 21. Soaring Spirits will have over 300 attendees from all over the world at their 2020 conference and our Hearts of Gold therapy teams will be present lifting spirits throughout the day. Visit our website to learn more about our Hearts of Gold therapy program, see photos of our teams in action, and dates for our 2020 prescreening events."

2019 FALL GOLDENFEST

We were so thankful for a beautiful weather day on November 9, despite the higher winds which gave our raffle tables some challenges! Thanks to our clever raffle set up volunteers and tape, problem solved! The day was shared with 72 people and 26 dogs which included Santa, Mrs. Claus and their little furry elf Buddy. Our wonderful new friends and helpers, 9th grade vet tech students from Tech High of Seminole, supported so many activities during the day, including extra walks and loving on all the dogs!

Thank you to our volunteers who made the day so enjoyable!

Bambi Anderson-Ivers – Speaker, Hearts of Gold
 Barbara and Rick Anson – DogOlympics / Photographer
 Lauren Bolos – Welcome Table / Toy Corral
 Kirsten Brown – Raffle / Silent Auction
 Barbara Durham – Raffle / Silent Auction
 Michael Eliassen – Photo Booth
 Dianne Gerrity – Raffle / Silent Auction
 Bert Haker – Raffle / Silent Auction
 Charlie Haker – Prep-Set up / Tear down
 Kim Kasnow – Speaker, Animal Hospital of Seminole vet tech
 Carolyn Kauffman – Raffle / Toy Corral
 Pat and Bill Shephard – Prep-Set up / Tear down / Transport equipment and supplies
 Cindy and Mike Snedeker – Welcome table / Raffle ticket sales
 Renee Solum – Photographer
 Tech High of Seminole 9th grade students and leaders Peg Biram and Kelsey Karp – Everything!

DOGOLYMPICS

What do you get when you have Golden Retrievers and a kiddie pool filled with water for dunking for biscuits? Very wet dogs who thought laying down in the pool was a better angle to get those treats! Our DogOlympics games brought lots of laughter, extra towels and a new fun event ... beginner rally course with a new learning experience for both handler and pup! Thank you to our special volunteer leader, Barbara Anson, for guiding all the dogs and families through the wonderful doggie games again this year! Thank you to all our participants and congratulations to our medal winners.

Dunking for Biscuits

Gold – Minnie Coffman
 Honey Kahn
 Silver – Parker Burdine
 Bronze – Dora Haker

Rally Participants

Bianca and Sandy, Dora and Charlie,
 Honey and Cindy, Pancake and Judy,
 Tanner and Rodger, Tucker and Barbara

Tennis Ball Toss

Gold – Lexi Anderson-Ivers
 Parker Burdine
 Duce
 Ginger Young
 Silver – Cane Bontrager
 Fly Weigand
 Bronze – Honey Kahn
 Lulu O'Mara

PAINT YOUR PET

The afternoon of November 9 was complete when our Painting with a Twist Clearwater location, led by our volunteer Cathy Schultz, hosted our FUNdraiser (and it was fun!). Twenty-one wonderful furry lovers came together, painted and partied the afternoon away. This event raised \$392 for our rescue!

YEAR IN REVIEW by Carol Forsberg, President

Our rescue had another special year in 2019 with 113 dogs saved by our wonderful volunteers, donors and adopters. We met 49 boys and 64 girls with 23% eight years and older and 44% three years and under. Our adoption team matched and completed adoptions of 99 of our arrivals so far to their anxious forever families on our approved adopters waiting list. Additionally, our medical team and Board approved five to be placed in our Sanctuary program, their special needs forever cared for by loving GRRMF foster homes.

YEAR IN REVIEW - 2019

Receiving 520 adoption applications kept our volunteers very busy with pre-screening reviews, phone screens and home visits to ensure we identified the best homes for our pups. Our amazing transportation team traveled on average 1,500 miles per month with a record-breaking week of over 2,500 miles to bring their special passengers safely to their destinations. Our medical expenses were larger than previous years due to an increase in surgical and long-term care needs of our Healing Hearts dogs prior to their availability for adoption. We are truly thankful to our amazing donors who sustain us each year. We could not continue without your support.

In 2019 we launched our Hearts of Gold therapy team to support our west and east coast communities in the Mid-Florida area with visits by our wonderful adopted goldens, golden blends and their volunteer handler. We currently have 29 teams who have supported 24 visits in 2019 and are already in demand for 2020 visitations. We look forward to our expansion plans for the Orlando area in 2020.

5 STAR FOSTERS

by Kirsten Brown and
Bambi Anderson-Ivers

TEAM GAMELIN

Dennis and Dawn are our primary go to foster team when we have a dog who wants to be an only dog home or when a longer foster care/ special needs dog arrives. Supporting the special needs of five longer term care dogs this year, their latest are a pair of bonded young pups who are learning how fun it is to be fostered by the Gamelins! Thank you, Dennis and Dawn, for opening your home and hearts to 18 fosters since December 2016, preparing them for their forever home.

TEAM STERLING

Diane and Ray are always ready to commit to dogs that need longer term care when that special dog arrives. Behavioral, medical, special needs ... they do it all! Their furry co-foster pup greets each new arrival and shows them the way to become the best they can be. We are so blessed with their loving care of 17 dogs since April 2016 and know their paws are in the air for more to save!

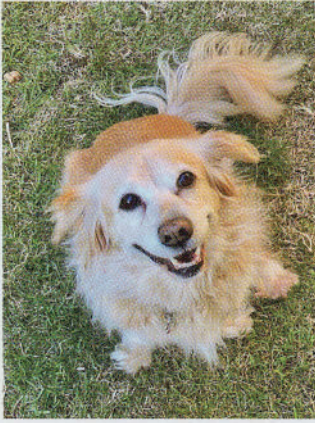

RAINBOW BRIDGE

- Sue Angle – Tilly
- Donna and Michael Auger – Hope
- Melanie and Neil Bontrager – Cane
- Justin and Sarah Dethier – Harley
- Beverly McLaughlin – Annie

- Dean and Sunny Rieke – Kaci
- Margy and Frank Santino – Lindy
- Kim Slater – Pumpkin
- Ginger and George Vincent – Bailey
- Leslie and Karl Wassmer – Julie

Adoption Stories

Sunny Ona

If you are looking for Sunny, you will most likely find her in daddy's lap. Sunny is a 22-pound dachshund/golden with a definite golden personality but a distinctive dachshund voice. Jeff and Janet adopted Sunny after her previous owner had to move, and besides curling up in Jeff's lap, Sunny loves to hide under the table like a moray eel so she can attack the evil vacuum cleaner. Running and sliding on the carpet while making

"silly Sunny sounds" might be one reason she is described as "quite the comedian."

Isabella Ona (now Bella)

"Everyone who meets her just loves her," proclaims Isabella Ona's new forever parents. Bella, as she is now lovingly known, became a part of Paula and Tim's family when she was surrendered because her former owner became disabled and could not care for an active puppy. The family's 12-year-old maltese had to adjust to having a new little sister, but he and Bella are now good friends. When out on walks, Bella loves greeting the neighbors and afterwards lounging on the couch watching TV, especially when she sees a dog on the screen.

Willow Juliee

Willow has brought much joy and laughter to her new family. Her human brother is her sidekick and Willow can always be found near him. She loves to play tug of war, fetch and take a dip in the pool with her favorite ball. When Willow wants something, she will "talk" to you and wag her tail really fast. She is very affectionate, loves giving her family hugs and kisses, and enjoys going on car rides to the park and Home Depot. No matter

what the family is doing, Willow is always included.

Sonny Nathan (now Cooper)

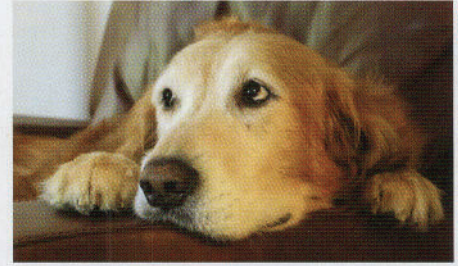

Sonny Nathan was surrendered when his owner experienced health issues. It was 14 years since Lori owned a puppy, but Cooper's happy disposition buoys her regularly. Now

50 pounds, he loves romping at the dog park and is a fan of his elephant toy. Liking other dogs, cats and people should be attributes for his future CGC certification. You may recognize Cooper if you see him being hesitant to enter a vehicle to go to his favorite beach location, and by the way he cocks his head when listening to his owner.

Thunder Alford

Thunder, nicknamed Cuddlebug, enjoys snuggling on the couch with his new family. His tail is always wagging – a happy boy in his forever home. He gets so excited when his Tricky Treat ball is brought out that he starts dancing around. Thunder is known for greeting guests with a soft toy in his mouth, welcoming them to his home. His record of toys in his mouth is four at one time – prancing around to show off his talent! Thunder has brought so much joy to his new family and everyone he meets!

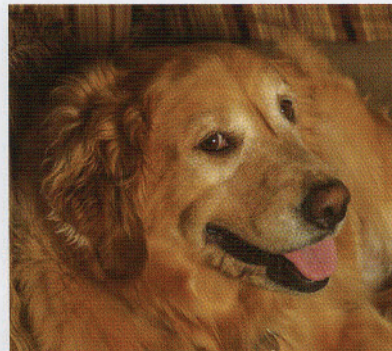

Lady Sasha (now Coconut)

"After losing our 14-year old lab, Coconut has filled our home with dog hair and our empty hearts with her sweet goofball puppy love," reports Tara and Matt. Coconut will exuberantly chase a red laser dot around the house, a great way to burn off her boundless energy. She loves family walks, soccer practice and believes 60 pounds still qualifies her as a lap dog. Coconut recently claimed a large inflatable waterslide for the children's birthday party as her private pool. Her motto for completing obedience training – "I did it for the treats!"

Lily Ona

"Adoption day was a little nerve racking, but once we met Lily I knew things were going to be great", reports David. "Lily is our second GRRMF rescue and has become my buddy."

Surrendered when a move did not allow large dogs, Lily has nothing but love for her new forever family. Her favorite toy is a pig that squeaks when she bites on it and she loves riding in the car with the fresh air blowing in her face. Lily brings sunshine and happiness to her new family and all their friends.

VOLUNTEER SPOTLIGHT *by Lyn Holiday*

Volunteer: Cathy and Marc Christy

Found out about GRRMF: We had just learned our beloved golden did not have much time left with us due to illness and discovered GRRMF through volunteers at a PetSmart event. After we lost him, I went to the GRRMF website and saw a story about Ruby and her eight puppies. We filled out the application online and received a phone call for a home visit. The next thing we knew, we were on our way to the foster family to pick up our new puppy, Chance. Little did we know that this adorable pup would grow up to be a showstopping very big boy, filled to the brim with pure love.

Length of Time Volunteering So Far: Eight years

GRRMF Volunteer Career: Adopters, Fosters, Hearts of Gold & Project PUP Therapy Team Members, West Coast events

Continued Commitment: We stopped by a GRRMF booth during a pet event and started talking to them about how we adopted one of their dogs and were asked if we would like to start volunteering with our boy Chance. This is where it all started! We love that we can share our dog's love with so many people. Being very tall, he attracts a lot of attention. We have continued to volunteer from that day forward and now Bella, our second GRRMF rescue, has joined Chance as a certified therapy dog.

Most Memorable Moment: The one time that made me feel so warm inside was when we were at Regal Palms Memory Center. There was a sweet lady who was not having a very good day. Chance felt it and went right over to give her some comfort. She hugged him and immediate smiles came over her! That is why I love doing therapy visits so much!

Advice to Potential Volunteer: Try it, you will not regret the rewarding feeling that you receive.
